OSHA 10 Hour Construction Outreach for Spanish Speakers – Circle Safety & Health Consultants is providing a 1 day OSHA 10 class with a multi-lingual, experienced OSHA trainer. Class topics will be similar to the AGC's OSHA 10 although class will be conducted in Spanish with appropriate written materials. Class will start at 7am and continue until 6:30pm. OSHA does not allow us to count break time as teaching time, so we will start every session on time and finish as scheduled. We will take short breaks and lunch will be provided. You must attend all in order to qualify for the OSHA Training Institute's completion cards for this class. Cards will be issued within a month of attendance.

This OSHA 10 class is appropriate for Spanish speaking employees, crew leaders and supervisors.
